

Regional EPA Contacts for Renovation, Repair, and Painting Rule Tips and Complaints

How to file a complaint: For best results, log the information into the EPA web site (both headquarters and regional), Then call in and report it or better yet, email it to your regional EPA contact. Email is especially good because you can add to the email chain by checking on progress and have a time chain on the complaint.

Below is the list of EPA regional contacts as well as the enforcement officers in those regions and the websites for filing complaints at the regional level. This is the website for filing a complaint with headquarters: www.epa.gov/compliance
When you go to this link, click on the yellow and black shield, which says "Report an Environmental Violation"
