

# Global Directory of Smoke-Free Multi-Housing Programs

## November 2011

The purpose of this directory is to assist those working on smoke-free multi-housing in connecting better with each other and each other's services. The programs listed in this directory have granted permission for their program contact information to be shared publicly on websites and other materials. Should you also wish to share other information listed in this directory, please contact the individual program for permission.

### ***Program Details***

**Program Description/Services:** We provide information to housing industry professionals about the legality of smokefree housing policies and the health issues connected with the problem of drifting tobacco smoke in multi-unit housing. We also provide information and advocacy assistance to residents of apartments and condos who are suffering because of a neighbor's tobacco smoke. We also work with city councils and residents of cities in Los Angeles County that are concerned about the problem of drifting tobacco smoke in multi-unit housing. As part of that work, we do community organizing in various cities, and provide technical assistance to city staffs that are developing housing ordinances.

**Geographic Area Served:** Primarily Los Angeles County (6 million population) but also CA

**Types of housing your program works with (public housing, market rate, condos, co-ops, etc.):** We work with providers and residents of affordable and market rate housing. We also work with condominiums. We have not encountered any co-ops in CA.

---

### ***12. Program Contact Information***

## ***Program Details***

**Program Description/Services:** The MISmokeFreeApartment Initiative is a partnership of the Smoke-Free Environments Law Project, numerous local health departments and other agencies, and the Tobacco Section of the Michigan Department of Community Health. The goal of the initiative is to make smoke-free multi-unit housing the norm in Michigan, as well as to serve as a catalyst and support for other similar initiatives throughout the U.S., Canada and the globe. The program provides information and technical assistance to multi-unit property owners/managers to assist them in adopting and implementing smoke-free policies, as well as assistance to tenants/condo owners. The program utilizes: legal and related research; an award-winning web site and related web site; extensive informational materials; press releases and media initiatives; radio ads; postcard mailings to landlords; billboards; landlord and tenant surveys; presentations at meetings/conferences; webinars; memberships in property management/apartment associations; coordination with public housing associations; coordination with HUD; etc.

**Geographic Area Served:** Michigan primarily, but also U.S. and international

**Types of housing covered (public housing, market rate, condos, co-ops, etc.):** Public housing, other affordable housing, market rate housing, condominiums, co-ops, student residential housing, etc.

## ***Program Details***

**Program Description/Services:** The Live Smoke Free program promotes smoke-free policies for apartment buildings. In order to increase the number of smoke-free buildings, Live Smoke Free educates building owners, managers, local policy makers, tenants, and housing industry professionals about the benefits of smoke-free buildings. Live Smoke Free assists building owners and managers with creating and promoting a smoke-free policy for their property. The program also assists tenants in finding solutions to secondhand smoke problems. Tenants can learn how to talk to their landlord about creating a smoke-free policy for the building.

**Geographic Area Served:** Serves the housing industry and tenants statewide in Minnesota. Live Smoke Free also serves as the technical assistance provider for several Minnesota grantees as well as the national technical assistance provider for the Communities Putting Prevention to Work grantees.

**Types of housing covered (public housing, market rate, condos, co-ops, etc.):** Most focus is any type of rental apartment building, but will assist any type of multi-unit housing. Recent research has allowed us to begin developing messaging and materials focused on smoke-free condominiums and owner-occupied units.

### ***Program Details***

**Program Description/Services:** The Capital District Tobacco-Free Coalition (CDTFC) is a community partnership of individuals and organizations whose mission is to reduce adolescent and adult use of tobacco through cooperative programs in prevention, cessation, advocacy, and community education. CDTFC began promoting smoke-free housing in mid-2007, focusing at first on college campuses. The Coalition has since been assisting public, affordable and market-rate housing landlords to adopt no-smoking policies. Successful methods have included reaching out to local landlord associations, large apartment management companies and identifying new developments in the region. A large landlord survey was conducted in Spring 2010 to gauge attitudes toward smoke-free policies and identify landlords interested in receiving more information. At the statewide level, we oversee the [www.SmokeFreeHousingNY.org](http://www.SmokeFreeHousingNY.org) website and coordinate collaboration among community coalitions funded by the NYS Tobacco Control Program.

**Geographic Area Served:** Albany Albany, Rensselaer and Schenectady Counties

pamela.larson@austintexas.gov

## ***Program Details***

**Program Description/Services:**

We provide technical assistance for property managers and property owners interested in smokefree housing. The Live Tobacco Free Austin program is a voluntary effort to lessen the societal burden of tobacco on our community, and provides information on cessation resources, health effects, and facts for tobacco-free workplaces and living places. Our technical assistance begins with property consultations and surveys, timeline scheduling, drafting appropriate policies and culminates with marketing ideas. Multi-unit housing owners/managers who go smokefree or tobacco-free are able to utilize our apartment locator webpage to advertise their property.

**Geographic Area Served:** City of Austin, Travis County, greater Austin (technical assistance).

# Utah
