

Energy Efficiency and Healthy Homes: Partnerships, Leverage, and Outcomes

Chris Corcoran, Project Manager, LAMPP Green & Healthy
Homes, CT Children's Medical Center

Chris Ehlert, Manager, Residential Energy Services, The
United Illuminating Company

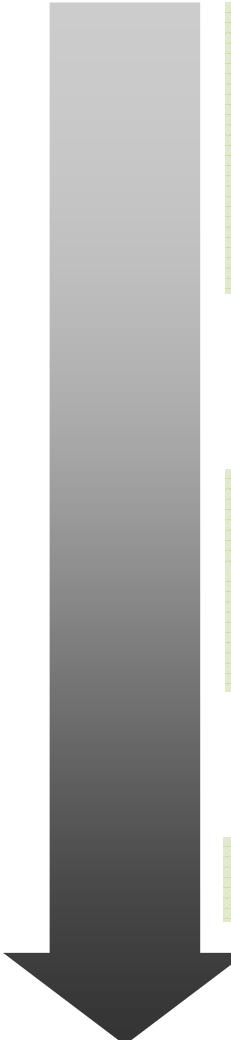

*National Safe and Healthy Housing Coalition Meeting
June 2012*

Agenda

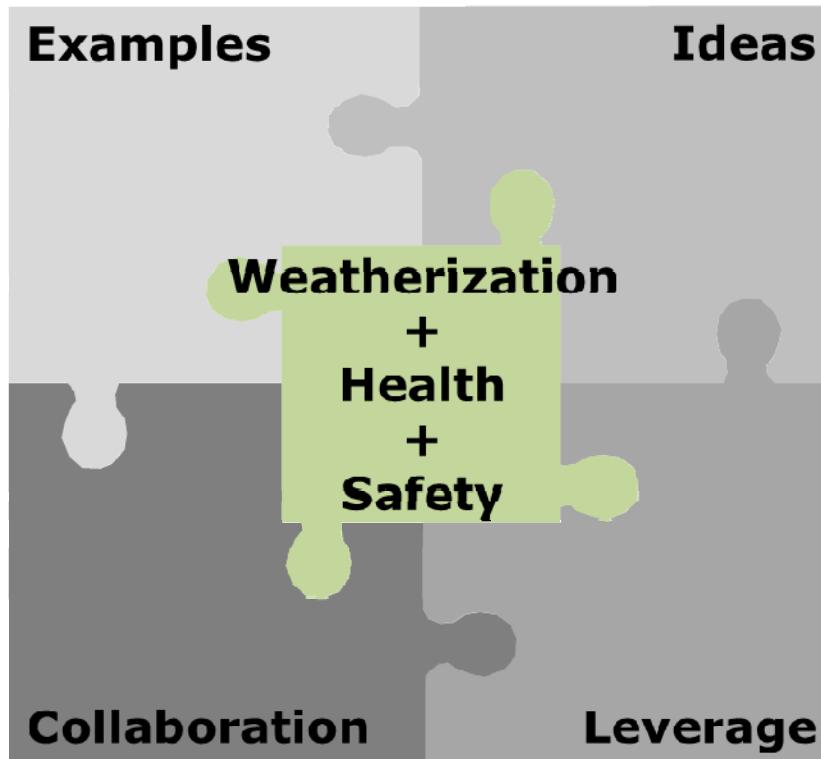

- Background
 - LAMPP
 - CT Energy Efficiency Fund
 - CTEHHI

- Partnerships and Leverage
 - Community Action Agencies
 - Tools and Ideas

- Questions and Discussion

Objectives

LAMPP Project

- Lead Poisoning Prevention

LAMPP Project

Success!

→ \$23.4 Million	• Awarded by HUD since 2004
→ \$22 Million	• Matching funds secured since 2004
→ 1,725	• Housing units made lead-safe

Hazards

The Question Everyone is Asking...

Where's the money?

CT Energy Efficiency Fund

Connecticut
Light & Power

The Northeast Utilities System

The United Illuminating Company

Connecticut's Energy Efficiency Programs are funded by a Charge on Customer energy bills.
The Programs are designed to help customers manage their energy usage and cost.

Funded primarily by electric and natural gas utility customers

- Small fee each month from each electric and gas customer
- Funds efficiency programs for low-income customers

Over \$100M statewide annually

- 4:1 return
- Over 98% of budget allocated to customer programs and incentives

What Makes a Home Healthy in CT?

Weatherization & Health

- Weatherization IS health: “heat or eat” studies
- Issues are interconnected: indoor air quality, etc.
 - One man’s pest exclusion is another man’s air sealing
- Serving the same customers

CT Efficient Healthy Homes Initiative (CTEHHI)

ENERGY EFFICIENCY - HEALTH - SAFETY

- Home Energy Solutions Income-Eligible
 - Existing program, non-WAP
- Adds health and safety to HES-IE

- Funding
 - U.S. DOE WIPP grant: \$3M
 - Energy Efficiency Fund: \$10M

- Statewide
 - Administered by UI
 - Coordination with CL&P
 - On behalf of the Fund

- Income-eligible families
 - 60% SMI
 - No cost to customer

Connecticut's Energy Efficiency Programs are funded by a Charge on Customer energy bills.
The Programs are designed to help customers manage their energy usage and cost.

CTEHHI Collaboration, Partnerships

The Northeast Utilities System The United Illuminating Company

Southern
Connecticut
Gas
Service First!

The Northeast Utilities System

YankeeGas

Connecticut's Energy Efficiency Programs are funded by a Charge on Customer energy bills.
The Programs are designed to help customers manage their energy usage and cost.

Why We Collaborate

Increase the number of interventions by stretching dollars further

One-touch mindset: fix, refer, or educate

Provide access to multiple services at once

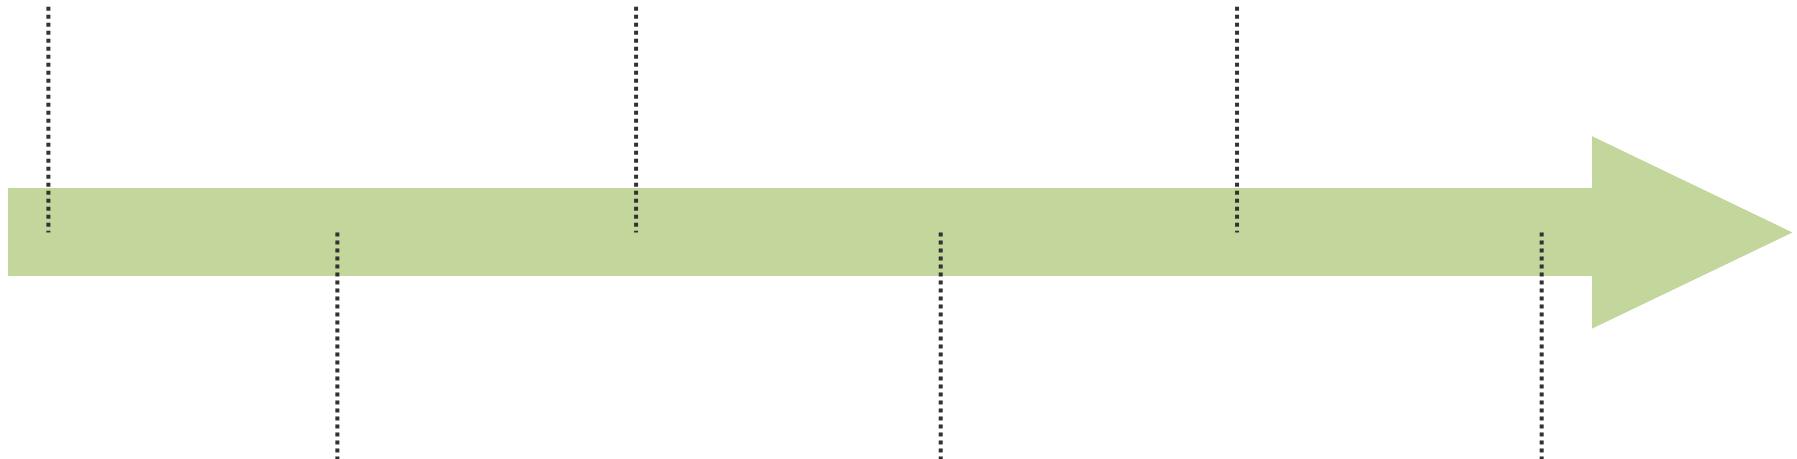

Change deferrals to referrals

Example 1: Coordinated Scope

Property owner applies to LAMPP for lead abatement; windows to be replaced for lead

UI approves customer, sends CTEHHI vendor out to perform audit

Coordinate on timeline

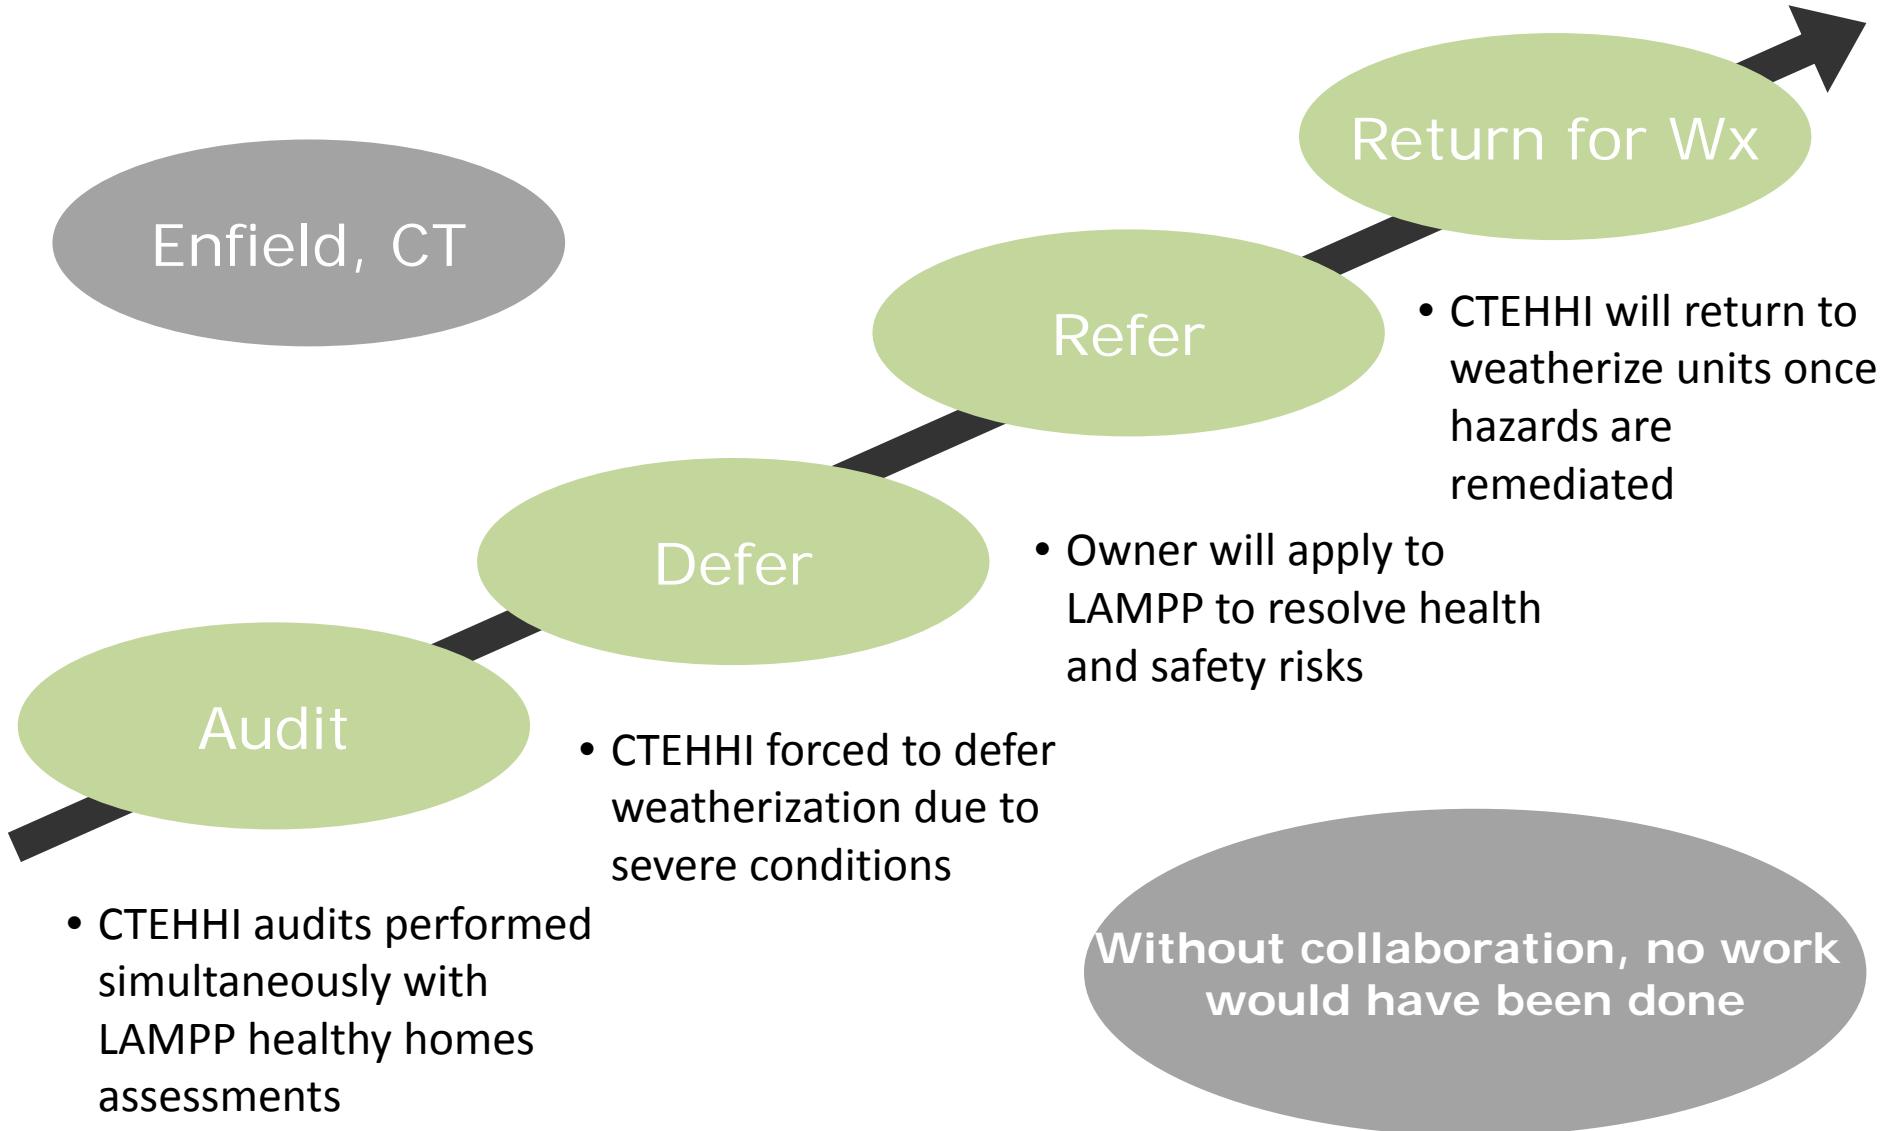

LAMPP submits application + income verification affidavit to UI

UI tells LAMPP what CTEHHI can pay for

- Example: Replace 5 of 10 windows for energy efficiency

LAMPP can used \$\$ saved towards another home

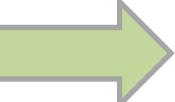

Example 2: Deferral to Referral

Tools: Current Status Assessment

CTEHHI – Current Status Assessment – Grant Partners																			
<p>1. Organization Name:</p>																			
<p>2. Service Territory:</p>																			
<p>3. Scope of Services (check or highlight all that apply):</p> <table border="1"><tbody><tr><td><input type="checkbox"/> Weatherization/Energy Efficiency</td><td><input type="checkbox"/> Injury Prevention</td></tr><tr><td><input type="checkbox"/> Rehabilitation/Renovation</td><td><input type="checkbox"/> Homeownership Counseling</td></tr><tr><td><input type="checkbox"/> Affordable Housing Development</td><td><input type="checkbox"/> Lead Screening (people)</td></tr><tr><td><input type="checkbox"/> Lead Remediation/Abatement</td><td><input type="checkbox"/> Lead Treatment</td></tr><tr><td><input type="checkbox"/> Asbestos Removal</td><td><input type="checkbox"/> Case Management</td></tr><tr><td><input type="checkbox"/> Mold</td><td><input type="checkbox"/> Training (please specify):</td></tr><tr><td><input type="checkbox"/> Pest Control</td><td><input type="checkbox"/> Other (please specify):</td></tr><tr><td><input type="checkbox"/> Radon</td><td></td></tr><tr><td><input type="checkbox"/> Carbon Monoxide</td><td></td></tr></tbody></table>		<input type="checkbox"/> Weatherization/Energy Efficiency	<input type="checkbox"/> Injury Prevention	<input type="checkbox"/> Rehabilitation/Renovation	<input type="checkbox"/> Homeownership Counseling	<input type="checkbox"/> Affordable Housing Development	<input type="checkbox"/> Lead Screening (people)	<input type="checkbox"/> Lead Remediation/Abatement	<input type="checkbox"/> Lead Treatment	<input type="checkbox"/> Asbestos Removal	<input type="checkbox"/> Case Management	<input type="checkbox"/> Mold	<input type="checkbox"/> Training (please specify):	<input type="checkbox"/> Pest Control	<input type="checkbox"/> Other (please specify):	<input type="checkbox"/> Radon		<input type="checkbox"/> Carbon Monoxide	
<input type="checkbox"/> Weatherization/Energy Efficiency	<input type="checkbox"/> Injury Prevention																		
<input type="checkbox"/> Rehabilitation/Renovation	<input type="checkbox"/> Homeownership Counseling																		
<input type="checkbox"/> Affordable Housing Development	<input type="checkbox"/> Lead Screening (people)																		
<input type="checkbox"/> Lead Remediation/Abatement	<input type="checkbox"/> Lead Treatment

<input type="checkbox"/> Pest Control	<input type="checkbox"/> Other (please specify):																		
<input type="checkbox"/> Radon																			
<input type="checkbox"/> Carbon Monoxide																			
<p>4. What does the scope above include?</p>																			
<p>5. What are your current income and other eligibility requirements?</p>																			
<p>6. What type of assessment do you currently perform in a home?</p>																			
<p>7. Are you currently referring low-income units to UI and/or CL&P for weatherization?</p> <table border="1"><tbody><tr><td><input type="checkbox"/> Yes</td><td><input type="checkbox"/> No</td></tr></tbody></table>		<input type="checkbox"/> Yes	<input type="checkbox"/> No																
<input type="checkbox"/> Yes	<input type="checkbox"/> No																		
<p>8. Are you currently referring low-income units to other health and safety-related entities to address additional scope areas?</p> <table border="1"><tbody><tr><td><input type="checkbox"/> Yes</td><td><input type="checkbox"/> No</td></tr><tr><td colspan="2">Please specify:</td></tr></tbody></table>		<input type="checkbox"/> Yes	<input type="checkbox"/> No	Please specify:															
<input type="checkbox"/> Yes	<input type="checkbox"/> No																		
Please specify:																			
<p>17. Please briefly describe the process of performing services on a home, from identification to completion of scope.</p>																			
<p>18. What is the average time spent on process before work can begin in a home?</p>																			
<p>19. What is the average time spent in a home to complete the scope of work?</p>																			
<p>20. Based on your current process, at what point is it appropriate for an energy assessment or weatherization to occur?</p>																			
<p>21. What information are you currently tracking for a project, and how is it being tracked?</p>																			
<p>22. What are the gaps you perceive in the current system, within your program or others?</p>																			
<p>23. Please rank your top five priorities in terms of what you would consider success for CTGHHI (1 being the highest):</p> <table border="1"><tbody><tr><td><input type="checkbox"/> Creation of a shared healthy homes assessment tool</td></tr><tr><td>A system for coordinating work from multiple entities in one home (One-Touch)</td></tr><tr><td>A system for coordinating funding from multiple entities in one home</td></tr><tr><td>A systemized referral process for work that can't be accomplished through partners' scope, including - knowledge/inventory of programs and funding sources</td></tr><tr><td>A vendor network that is cross-trained and certified in Healthy Homes</td></tr><tr><td>A best practice model that can be sustained in Connecticut and replicated nationally</td></tr><tr><td>An innovative, sustainable partnership among grant partners</td></tr><tr><td>A model for coordinating funding to leverage additional federal and state funds</td></tr><tr><td>A model that utilizes existing funding in a way that allows more homes to be served</td></tr><tr><td>Other (please specify):</td></tr></tbody></table>		<input type="checkbox"/> Creation of a shared healthy homes assessment tool	A system for coordinating work from multiple entities in one home (One-Touch)	A system for coordinating funding from multiple entities in one home	A systemized referral process for work that can't be accomplished through partners' scope, including - knowledge/inventory of programs and funding sources	A vendor network that is cross-trained and certified in Healthy Homes	A best practice model that can be sustained in Connecticut and replicated nationally	An innovative, sustainable partnership among grant partners	A model for coordinating funding to leverage additional federal and state funds	A model that utilizes existing funding in a way that allows more homes to be served	Other (please specify):								
<input type="checkbox"/> Creation of a shared healthy homes assessment tool																			
A system for coordinating work from multiple entities in one home (One-Touch)																			
A system for coordinating funding from multiple entities in one home																			
A systemized referral process for work that can't be accomplished through partners' scope, including - knowledge/inventory of programs and funding sources																			
A vendor network that is cross-trained and certified in Healthy Homes																			
A best practice model that can be sustained in Connecticut and replicated nationally																			
An innovative, sustainable partnership among grant partners																			
A model for coordinating funding to leverage additional federal and state funds																			
A model that utilizes existing funding in a way that allows more homes to be served																			
Other (please specify):																			

Summary

- Consider energy efficiency as the eighth principle of a healthy home
- One-touch mindset: fix, refer, educate
- Partnerships are crucial
 - Better for the customer
 - Stretch dollars further
 - One-touch
- Advocacy  funding

Thank You!
